Hello and welcome to all our Hartenbos guests

2020 was most definitely an unusual and whirlwind year, and for a large part of the year, everyone's life boats sailed in stormy waters. Despite this year's challenges, ATKV Resorts did not sit idly by.

Although this year delivered many challenges, it was definitely a year wherein each of us had to learn to count our blessings anew. Our loyal guests are definitely one of ATKV Resorts' biggest blessings, and therefore, I want to use this opportunity to thank every one of you for your unconditional support and for still choosing our resort as your preferred holiday destination.

The safety of our staff and guests will remain a priority, in order to curb the spread of the Coronavirus in South-Africa. At the ATKV, we are aware of the seriousness of the COVID-19 pandemic and we therefore ensure that the necessary protocols and preventative measures are in place. In so doing, we do not only ensure that the necessary procedures and measures are continuously reviewed, adapted and implemented, but also that guests will still have the best possible holiday experience. The ATKV staff will still stay focused on maintenance and the critical aspects of the resort.

That said, I want to request our guests to not only rely on what the resort has put in place, but to also take responsibility for their own behaviour and thereby protect themselves and their fellow guests as far as possible. Please note the following, above all:

- The resort rules – be considerate of your fellow guests; and
- Very important – wear your mask, keep your distance and wash your hands regularly.

Enjoy your holiday at our beautiful resort and in our area. Our magnificent resort promises to spoil you with a lifetime of holiday memories. Rest and relax fully – you deserve every second of it.

Merry Christmas and may 2021 bring you prosperity, peace and good health.

Proud and thankful ATKV regards

Schalk Cilliers
Managing Director

Dear Holiday-goer

COVID, lockdown, masks, social distancing, washing hands, second wave, economy, vaccine… all words that are now part of our daily lives and conversations. And all this in a period of only eight months!

What a year!! Even in my wildest dreams, I never thought that this year would turn out this way, and definitely not that we, even now, can't lead normal lives!

I believe that each and every one of you who came here deserves this holiday after a year of uncertainty, perhaps fear, violence and, unfortunately for some, losing a loved one. Our area did not remain untouched, and, at the moment, we are experiencing a huge upward curve in COVID numbers.

ATKV Hartenbos will, however, just like every other year, strive to make your holiday as fun and exciting as possible – even if we have to adhere to strict measures and protocols. We have a new contractor that handles the cleaning services and you will recognise the sanitisation team by their brightly coloured uniforms. This team will ensure that the public areas and ablution blocks are sanitised regularly. We have also extended the hours during which the ablution blocks are serviced. You will see that the units on the resort are also sanitised before you enter.

We will try our utmost to keep you safe, but we also want to request that you, as visitors, adhere to the regulations, such as wearing your mask, maintaining a social distance of 1.5m and washing or sanitising your hands regularly. We trust that our guests and visitors will act responsibly and will not endanger others' lives.

In light of current circumstances, ATKV Hartenbos has decided not to host any events, such as our regular concerts and shows. We really want to try to avoid and/or limit any contact situations. We are, however, keeping the fun park and heated pool open for the season, but with limitations on the numbers of guests allowed.

After a lot of thought and difficult decisions, we have also decided, together with the church, to not hold any services in the amphitheatre this year. Carols by Candlelight will also not take place this year – everything to minimise contact situations and prevent the spread of the virus.

In the beginning of the year, I personally wondered what the new normal will look like, but I think that by now, we all thoroughly realise that barely anything will be "normal" again. We therefore want to ask every holiday-goer to protect themselves and their family and keep themselves safe.

That said, I believe and trust that our loving Father will carry us through and protect us in this time. Our hope lies in Him alone. If you do exhibit any COVID-19 symptoms during your stay with us, we request that you notify us, immediately.

We wish you and your family a safe and blessed festive season. May the Lord's grace enbrace you and may His kindness, favour and abundance rest on you.

Enjoy your holiday!

IMPORTANT INFORMATION

Due to the increase in COVID-19 cases in the Garden Route, ATKV Hartenbos has decided to put everyone's interests and safety first this year, and therefore, we thought that it would be better not to expose any of our guests to a crowd of people at large events. For that reason, we will not offer any entertainment this year. However, if COVID-19 permits us, we promise to return bigger and better in the 2021 March/April school holiday.

We ask all guests to be careful when interacting with each other.
Wear your masks at all times.
Maintain a distance of 1.5 m between one another.
Sanitise your hands regularly.
Cough into your elbow.
Avoid a crowd of people at events.
If you feel sick or unwell, stay home.
Keep your family safe.
The same principle will apply to all relaxation and play areas, to keep yourself and your family safe and to maintain the necessary distance.

Our only form of entertainment will be the use of the fun park, where you can relax, swim and slide every day, as well as play adventure golf.
Resident guests will get free access to the fun park.
For your relaxation around the pool and in the fun park, music will be played all day long.
A limit will be placed on the number of people allowed in the Fun Park at a time.
You will be asked to complete a register and your temperature will be taken before you can enter the premises.

The heated bath will also be open for pre-determined times and there will also be a limit placed on the amount of people allowed at a time.
